

ENVIRONMENTAL PRACTICES

CANYAMEL CLASSIC

A practical commitment to resource efficiency, environmental protection and responsible tourism.

OUR COMMITMENT

A sustainability vision tailored to Canyamel

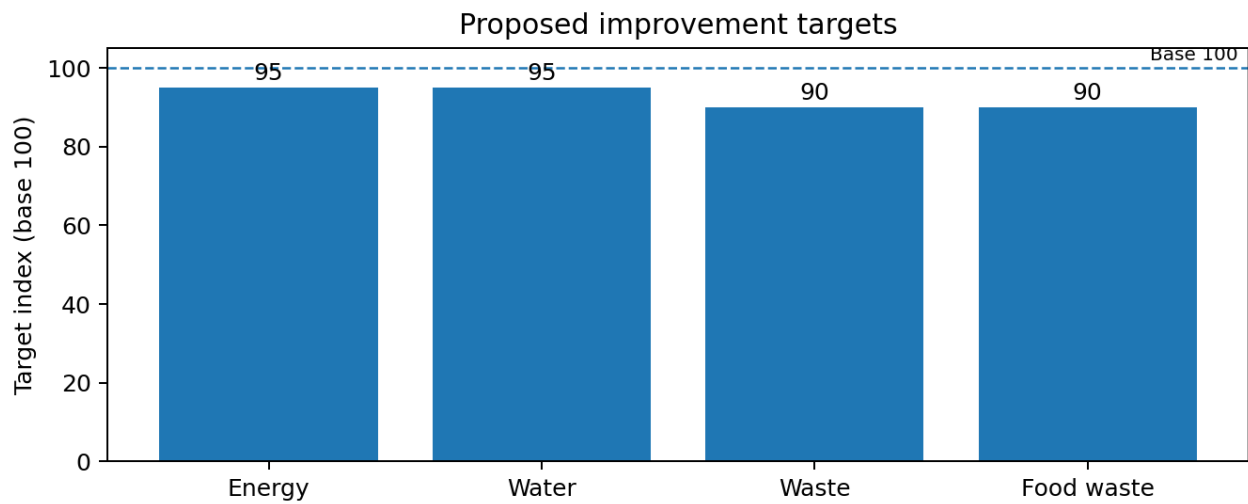

Canyamel Classic integrates sustainability into the hotel's daily management, with particular focus on energy and water efficiency, waste prevention, responsible purchasing, awareness and respect for Mallorca's environment.

RESOURCES	PEOPLE	DESTINATION
Energy · Water	Team · Guests	Canyamel · Mallorca
Waste · Purchasing	Training · Good practices	Nature · Community

The aim is to progress through realistic, measurable and reviewable measures, ensuring that sustainability is not just a statement but an integral part of daily operations.

ENERGY AND WATER

Reducing consumption without compromising comfort

- Regularly review air-conditioning, lighting and hot-water equipment.
- Avoid conditioning empty spaces and keep doors and windows closed while air conditioning is operating.
- Monitor leaks and water-related maintenance reports.
- Promote responsible use of showers and taps.
- Analyse consumption per guest night to facilitate comparisons between periods.

WASTE AND RESPONSIBLE CONSUMPTION

Prevent, separate and purchase better

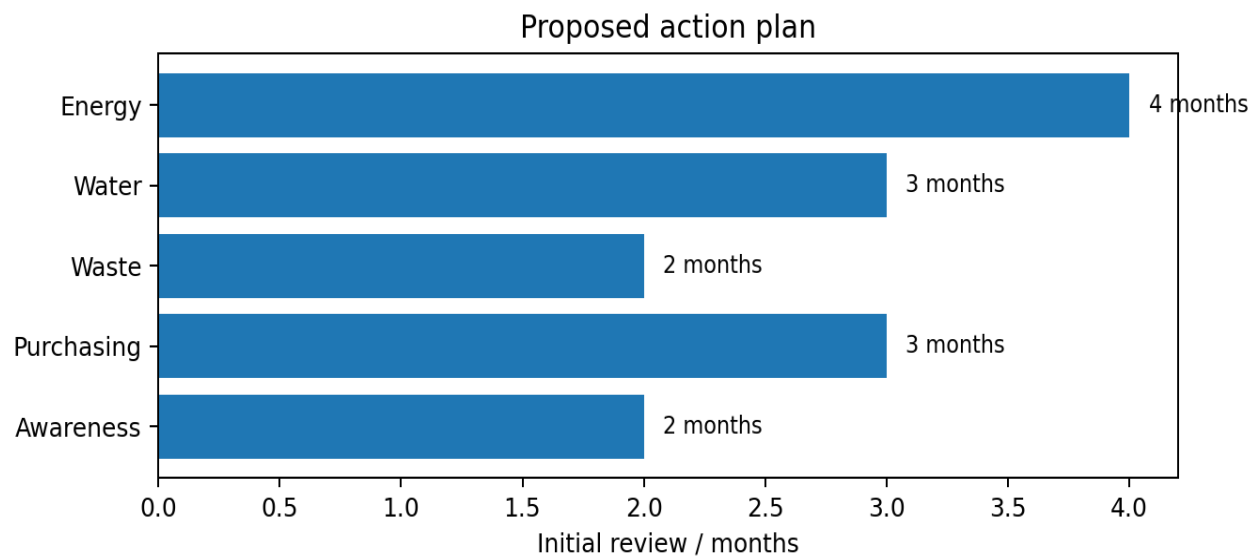

PREVENT	SEPARATE	RECOVER
Reduce unnecessary packaging	Separate available waste streams	Use authorised waste managers
Prevent food waste	Train staff	Reuse where safe
Prioritise durable products	Inform guests	Improve records

Where feasible, purchasing will consider local or nearby products, durable products, reduced packaging and reusable or recyclable alternatives. Selection must always meet quality, food-safety and operational requirements.

- Monitor food waste and review its main sources.
- Progressively reduce single-use plastics where a suitable alternative exists.
- Correctly separate glass, packaging, paper/cardboard, organic waste and other available streams.
- Communicate waste-separation practices to departments.

BIODIVERSITY AND DESTINATION

Canyamel: sea, wetlands and Mediterranean landscape

Canyamel is located in the municipality of Capdepera, in the northeast of Mallorca. Canyamel beach is next to the stream mouth and an area of natural interest; the Llevant area offers coastal and mountain landscapes.

- Respect paths, signage and restrictions in natural areas.
- Do not remove plants, stones, shells or other natural elements.
- Do not feed or disturb wildlife.
- Avoid litter and cigarette butts on beaches, paths and natural areas.
- Support responsible local activities and suppliers.

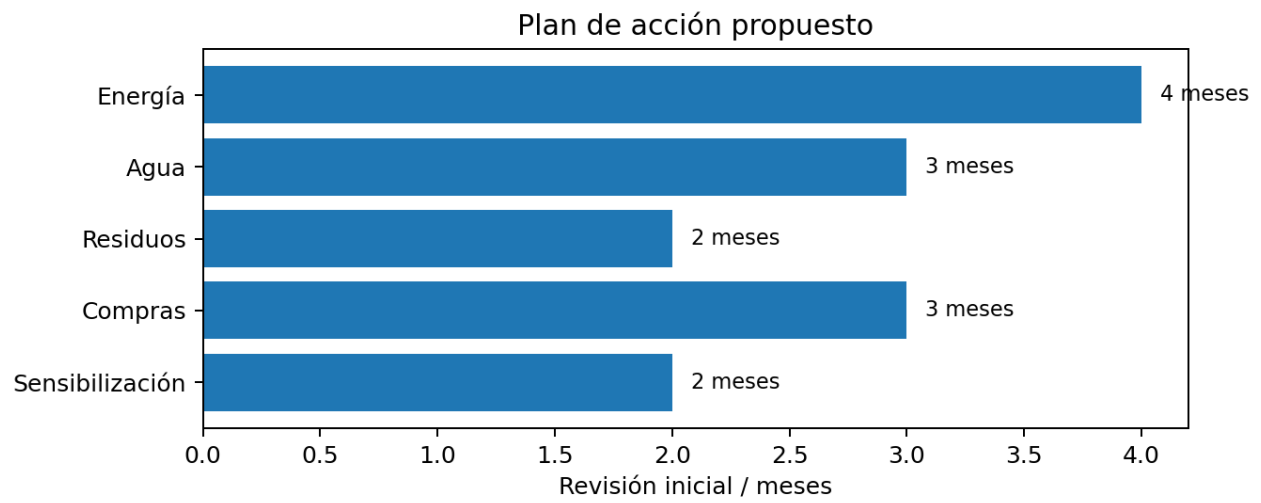

SDGs AND SUSTAINABILITY

The hotel's contribution to the Sustainable Development Goals

ODS 06 Agua Control y ahorro del recurso	ODS 07 Energía Eficiencia y reducción del consumo	ODS 08 Trabajo decente Condiciones laborales y formación
ODS 12 Consumo responsable Compras, residuos y desperdicio	ODS 13 Acción climática Seguimiento de impactos	ODS 15 Vida terrestre Respeto a biodiversidad

2026 ACTION PLAN

Priority measures and responsibilities

ACTION	RESPONSIBLE	REVIEW
Review consumption and ratios per stay	Management / Maintenance	Monthly
Check for leaks and water equipment	Maintenance	Monthly
Update waste separation points	Management / Housekeeping	Quarterly
Review suppliers and purchasing	Administration / Purchasing	Annually
Update guest information	Reception	Start of season
Internal sustainability training	Management	Annually

RESPONSIBLE GUEST GUIDE

Small actions that help protect Mallorca

- Switch off lights and equipment when they are not needed.
- Use water responsibly and report any leaks.
- Keep doors and windows closed while the air conditioning is operating.
- Avoid food waste and only take what you are going to eat.
- Separa correctamente los residuos.
- Reduce the use of single-use products.
- Respect beaches, paths and natural areas.
- Do not feed or disturb wildlife.
- Shop locally and discover products from Mallorca.
- Respect the peace, customs and traditions of the local community.

Thank you for helping us preserve Canyamel and Mallorca for those who live here and those who will visit in the future.

CANYAMEL CLASSIC · ENJOY · RESPECT · CARE

INDICATORS AND EVIDENCE

What should be kept to demonstrate progress

INDICATOR	EVIDENCE	FREQUENCY
Energy	Invoices / meter readings / kWh	Monthly
Water	Invoices / meter readings / m ³	Monthly
Waste	Collection notes / waste disposal records	Monthly
Purchasing	Invoices / supplier list	Quarterly
Training	Attendance records / training content	Annually
Awareness	Signage / materials / photographs	Seasonally
Maintenance	Maintenance reports and work orders	Ongoing
